

Census Enrollment Guide for In-Force Business

Census Enrollment Overview: Member Changes for Existing Groups

- Census Enrollment for member-level changes may be used for all existing CaliforniaChoice® groups. Use of our **Census Enrollment Change Request (CC 0572)** spreadsheet is required.
- The Census Enrollment template is designed to be used in lieu of employee paper applications.
- A completed Attestation Form must be submitted (if not already on file) to utilize Census Enrollment for member changes for existing CaliforniaChoice groups.
- Group level changes must be completed via our **Employer Change Request Form (CC 0564)**. This form is required prior to member level changes.
- Census Enrollment is not a guarantee of coverage, plan availability, or approval. For questions about plan availability and/or group or member changes, contact the CaliforniaChoice Customer Service Center at 800.558.8003.
- Supporting documentation may be required/requested dependent upon the nature of the change request submitted.
- **Copying and pasting data into cells will corrupt the spreadsheet.** All information must be either typed into applicable fields or selected from the available dropdowns.
- The Census Enrollment spreadsheet is available at calchoice.com.
